The Center for Family Resources (CFR), in partnership with the Cobb County Department of Family and Children Services, has been providing Thanksgiving baskets to families in need in Cobb County for more than 20 years. In 2008, CFR provided Thanksgiving baskets to 1,370 families. CFR has seen a 49% increase in need during the first half of 2009 compared to 2008 and has set a goal to provide baskets to 1,500 families! We cannot do this without you!

CFR is working to preserve family traditions and treasured time together by providing everything each family needs to enjoy a meal together. Sign-up here to help us reach this goal!
